OUR MISSION

Our mission at **Into the Net Soccer Program** is to teach technical skills to kids in the Princeton and Trenton area of New Jersey who show a strong passion for soccer. We hope to teach them soccer skills we've learned in top clubs across the state such as the Princeton Soccer Association, MatchFit Academy, and the Olympic Development Program. We want to bring the skills we've learned through our experience to all kids who want to play soccer, at no cost to them. We realize that top soccer clubs can be expensive and we would like to give back to our community by sharing our skills and making this an inclusive experience for kids between kindergarten until the age of 10. We look forward to spreading our love for the sport!

We are located in Princeton Area. If you have any questions, please email us at sophia.zhou@impact-usa.org.

HELPING YOU IMPROVE

Coached by experienced players

Our lessons are taught by soccer players with many years of experience that play for top clubs across the state.

At no cost to you!

Our lessons are completely free! Students below the age of 10 can experience our programs to the fullest extent!

Small Player to Coach ratio

Players will have the full attention of our coaches (Miranda and Sophia) so that all players maximize their skill potential!

Fun, inclusive environment

Our practices take place in a fun and inclusive learning environment. Everyone is welcome. No prior soccer experience is necessary. Our coaches also speak various languages

We are located in Princeton Area. If you have any questions, please email us at sophia.zhou@impact-usa.org

WHO WE ARE

Sophia Zhou, Co-leader

Hi, I'm Sophia! I'm a rising freshman at Princeton Day School, and have been playing soccer since I was 5. Since I was little, I have had the opportunities to continually develop my technical skillsets with different coaches and in different soccer programs. Miranda and I used to be teammates at PSA Elite. I currently play for Matchfit Mercer U15 Team . Soccer has always been my passion throughout elementary school and middle school. As I progress to high-school, I hope to be able to spread some of my knowledge and experience to younger players from diverse backgrounds.

Miranda De Olden, Co-leader

Hi, I'm Miranda! I am 14 years old and go to Princeton Charter School. I started playing soccer when I was in grade school locally in the development program of the Princeton Soccer Academy. Currently, I play for the Elite PSA U15 team. I was also selected to play for the Olympic Development Program (ODP) and I play for the State Team of New Jersey. Throughout my journey, I have grown as a player and learned new skills and techniques from a variety of coaches and programs including the Nike Vogelsinger Soccer Academy, the Players Development Academy Camp (PDA North), Pennington School Soccer Camp, and the Princeton University Soccer ID Camp. Through my experience in private clubs in the area, I noticed that there are very few girls from underrepresented groups. As a Latina, and daughter of immigrants, I realized that I wanted to change that by making this sport a more inclusive experience for diverse players. I hope this program can help communities of kids from diverse backgrounds who want to learn soccer skills and techniques at no cost to their families!
